Collège Boréal - different locations	D.E.C.	Commerce		DES Ontario; crédits en français et mathématiques ou équivalence précollégiale / préuniversitaire	Possibilité d'un baccalauréat ou autre titre : Les personnes diplômées de ce programme peuvent poursuivre leurs études au niveau universitaire et recevront des crédits de transfert pour leurs études collégiales. Entre autres, le Collège Boréal a conclu une entente à cet effet avec l'Université Laurentienne.	Cours offerts par session	Session 1: Marketing I Session 2: Marketing II Session 3: Marketing III							
Collège Communautaire du Nouveau Brunswick (CCNB) - Dieppe	D.E.C. technique	Technologie des affaires - Marketing	F	DES ou DES pour adultes ou un diplôme d'équivalence d'études secondaires (GED). Mathématiques 11e année (niveau régulier)	Entente entre le CCNB - Dieppe et la Faculté d'administration de l'Université de Moncton, les diplômés peuvent se faire reconnaître jusqu'à 54 unités (18 cours) s'ils sont admis au programme général du Baccalauréat en administration des affaires (BAA) ou à la concentration en Marketing du programme du BAA, et jusqu'à 51 unités (17 cours) s'ils sont admis à la concentration en Management du BAA. Entente conclue avec l'École de technologie supérieure de l'Université du Québec à Montréal. En vertu de l'entente, les étudiants qui obtiennent leur diplôme en Technologie des affaires - Marketing sont acceptés au baccalauréat en Génie des opérations et de la logistique.		Peu de détails sur les cours offerts: Marketing, Introduction au transport		www.nbcc.nb.ca	NB				
Collège Communautaire du Nouveau Brunswick (CCNB) - Dieppe	D.E.C. technique	Techniques de distribution et manutention	F	DES ou DES pour adultes ou un diplôme d'équivalence d'études secondaires (GED).			All courses are relevant. This is a supply chain management program at the CEGEP level. However, course description is very brief and does not allowed a display by session. Tous les cours offerts sont pertinents. C'est un programme qui s'applique intégralement à la formation pour la chaîne d'approvisionnement. Cependant, la description des cours est très succincte et ne permet pas d'établir un découpage par session.		www.nbcc.nb.ca	NB				My assessment of the program
Collège Communautaire du Nouveau Brunswick (CCNB) - Edmunston	D.E.C. technique	Techniques de gestion administrative	F	DES ou DES pour adultes ou un diplôme d'équivalence d'études secondaires (GED). Saint Mary's University	Master in Business Administration	Sobey MBA Program	E	<p>Degree: An undergraduate degree in any discipline with at least a "B" average. Official transcripts must be sent from each post-secondary institution attended by the applicant.</p> <p>GMAT: A satisfactory GMAT score (average in the last two years has been 600, with 550 usually as the minimum). We use GMAT to evaluate both quantitative and verbal skills. A minimum competency in both areas is expected. GMAT essay scores should not be below 5.0. GMAT score must be less than five years old.</p> <p>English Language Proficiency: The MBA program is fast-paced with much reading, report writing and team work. Strong English language proficiency is important for success in the program. Students whose native language is not English must submit either a TOEFL score, a CanTest score or a IELTS score. A TOEFL score of at least 237 in the Computer-Based TOEFL (or 580 in the paper-based TOEFL) and a TWE score of at least 5.0 are required. Alternatively, applicants can submit CanTest scores of at least 4.5, with no individual component score (oral communication, listening, reading and writing) below 4.0. IELTS scores must be 6.5 with no band below 6.5. TOEFL, CanTest or IELTS scores must be less than two years old.</p> <p>Work Experience: Full-time students are preferred to have relevant post-degree experience. Co-op, internships and part-time experience will be given consideration. Part-time applicants are preferred to have at least four years of relevant post-degree experience. A resumé detailing work experience, duration in each position, nature of responsibilities and contribution made to the employer is required.</p> <p>Motivation and Leadership Potential: Through a combination of academic work, previous experience and extra-curricular activities, applicants must demonstrate a high level of motivation for success and leadership potential.</p>	MBA	2 Years	<p>Fall</p> <p>Financial Accounting</p> <p>Statistics for Managers</p> <p>Managing Information and Technology</p> <p>Managerial Economics and Decision Analysis Leadership and Behavioural Processes</p> <p>Winter</p>		<p>School: http://sobey.smu.ca</p> <p>Program: http://sobey.smu.ca/programs/mba/administration.html</p>	NS			A016	Senior Management – Managerial

University of Alberta	Master of Business Administration with Specialization in International Business	School of Business	E	Admission to the Alberta MBA Program requires a strong, broadly-based undergraduate degree. Since we value the diversity of backgrounds, we accept students from all disciplines. To be considered, an applicant should hold a four-year undergraduate degree from a recognized institution with a minimum grade point average of 3.0/4.0. Unfortunately, applied undergraduate degrees do not meet graduate admission requirements. Only official transcripts from post-secondary educational institutions will be accepted for application purposes. Two official transcript degree certificates must be sent directly from the issuing institution to the Alberta MBA Program office. If the transcripts and degree certificates are in a language other than English, official translated copies are also required.	MBA	2 years	BUEC 541 - Introduction to International Business: BUS 900 - Directed International Research Project Specialization Electives Students must complete at least THREE of the following second year courses: BLAW 642 - International Business Law: BUEC 646 - The Global Business Environment: BUEC 686 - International Study Tour FIN 644 - International Finance: MARK 644 - International Marketing: ORGA 617 - Managing the Work Force: International Perspectives: ORGA 635 - Managing International Business: BUEC 654 - Asian Economies, Business and Management:		School: http://mba.bus.ualberta.ca Program: http://mba.bus.ualberta.ca/Prospective/EntryRequirements.htm	AB		A373 A016 A141	Transportation - Managerial Senior Management - Managerial Warehousing - Managerial

University of British Columbia	MSc in Management Science Concentration in Transportation and Logistics	Sauder School of Business – Operations and Logistics	E	A four year Bachelor's degree with an overall B+ standing in third and fourth year level courses prescribed by the department concerned as prerequisite to the Master's program. From Quebec, a three year Bachelor's degree is acceptable provided the Diplome d'Etudes Collegiales has been previously awarded.	Master of Science in Business Administration		<p>Program Structure</p> <p>All graduate students are expected to attend the Transportation and Logistics faculty workshop, a weekly series of research seminars and invited speakers.</p> <p>Students are required to complete a 12 credit thesis in addition to at least 18 credits of coursework.</p> <p>Programs are designed with an advisor and/or the TLOG MSc program coordinator to meet the particular interests of individual students and to equip the students with research capability for completing an excellent thesis; nonetheless, there are two streams: one emphasizing Logistics and Supply Chain Management, and an alternate stream emphasizing Transport Economics and Management.</p> <p>The graduate program requirements will include methodology courses, for example in economics, statistics, or management science. Interdisciplinary programs are possible by combining work in Commerce with courses in Engineering, Community and Regional Planning, Economics, and/or Geography.</p> <p>MSc students take a combination of Master and PhD level courses. A limited number of senior undergraduate courses will also count towards the degree program. Although the program of study is to be designed jointly by the faculty advisor and the student, the following courses are recommended:</p> <p>1. Logistics and Supply Chain Management Stream Required Courses (15 credits) BATL 510 Introduction to Logistics and Operations Management (LOM) BATL 511 Design of LOM System BATL 580 Current Issues in LOM BAMS 511 Scheduling and Control of LOM BAMS 514 Supply Chain Management BABS 500 Applied Business Statistics I BAMS 503 Simulation for Decision Making BAIT 501 Survey of Information Systems Applications in Business COMM 515 Foundations of Optimization Recommended Electives (15 credits) The student in consultation with his/her adviser may decide to take courses not included in this list. Wilfrid Laurier University	Masters with concentration in Supply Chain Management	School of Business and Administration	E	A four-year bachelor's degree or equivalent from a university or college of recognized standing with a minimum of a second-class honours or a B standing in the final year of the undergraduate program (the equivalent of 10 courses). Additional courses that are completed after the requirements for the bachelor's degree have been met will be calculated into the final year GPA. To be considered for admission, the re-calculated GPA must be at least a B. Evidence of quantitative skills by providing an acceptable score on the quantitative section of the GMAT, or by successful completion (within the last five years) of an undergraduate course in calculus or statistics. All other qualifications (i.e., work experience and GPA requirements) must be met before a course will be considered in lieu of the GMAT. The co-op program requires the GMAT. Normally two years of full-time work experience or six co-op work terms (this requirement is waived for applicants to the full-time MBA co-op program). Letters of reference. Normally one	MBA	The Waterloo full-time program 2 months of full-time study. The Waterloo full-time program with co-op option 20 months (3 terms of study and two terms of co-op). The Waterloo part-time evening program, offered through late afternoon and evening courses, normal load is two courses per term for three terms a year. The Toronto weekend format programs are offered Friday evenings and Saturdays on alternate weeks.
