***Note the OS addresses alternative position titles including Cargo Customer Service Representative (Bus, Marine, Railway), Freight Agent – Railway, Ship Cargo Agent, Transportation Agent, Airline Cargo Agent, Load Control Agent, etc.**

	<p>responsibilities and health and safety</p> <ul style="list-style-type: none"> • Interact with supervisors regarding procedures, schedules, policies, quotes, discounts, repairs, customer relations or to request assistance
Thinking Skills	(Problem Solving, Decision Making, Job Task Planning and Organizing, Significant Use of Memory, Finding Information)
Problem Solving	<ul style="list-style-type: none"> • Locate lost cargo by obtaining information from the customer and determining the point of transportation delay • Resolve conflicting workload situations • Address vehicle breakdowns by arranging for alternate transport
Decision Making	<ul style="list-style-type: none"> • Decide whether to give refunds to dissatisfied customers • Decide vehicle dispatches for specific jobs and optimize route plans • Decide whether to accept or reject a shipment that is hazardous
Job Task Planning and Organizing	The tasks of some Cargo and Freight Agents are determined by the flow of customers or by their supervisors. Within this framework, they order tasks according to priorities that are provided to them, such as serving walk-in customers before phone customers. The tasks of other Cargo and Freight Agents may require significantly more planning and organizing by the worker as they are related to arrival, unloading and departure times that are subject to frequent changes.
Significant Use of Memory	<ul style="list-style-type: none"> • Remember shipping rates, fares and destination codes, contract numbers of regular customers, customers needs or preferences
Finding Information	<ul style="list-style-type: none"> • Locate fares in manuals, find out rates, and investigate route options • Look up telephone numbers in the telephone book, for example, when consignees' numbers are missing on the way bill • Check a hazardous goods manual to see if items must be shipped in a specific manner
Working with Others	Cargo and Freight Agents mainly work independently, coordinating some activities with other workers. However, many work as team members, cooperating with co-workers and sharing information.
Continuous Learning	There is a need for ongoing learning to acquire and maintain competencies in a cross-section of the industry's many skills areas as this may impact on Cargo and Freight Agents' employability. There is a strong tradition of on-the-job training. Some workers also have the opportunity to participate in formal training activities. Safety training, such as Workplace Hazardous Materials Information System courses, is emphasized as the working environment may be hazardous.
Additional Information	(Physical Aspects, Attitudes)

*Note the OS addresses alternative position titles including Cargo Customer Service Representative (Bus, Marine, Railway), Freight Agent – Railway, Ship Cargo Agent, Transportation Agent, Airline Cargo Agent, Load Control Agent, etc.

Physical Aspects	Cargo and Freight Agents may sit or stand and walk or use other body positions such as bending or kneeling to serve customers and to perform such physical tasks as measuring and helping load freight.
Attitudes	Cargo and Freight Agents should be safety conscious, attentive to their surroundings to avoid dangerous situations, be friendly, knowledgeable, patient, pleasant, well-organized and detail-oriented.
Future Trends Affecting Essential Skills:	Changes which may affect the Essential Skills used by these workers in the future include the increased demand for computer skills and the ongoing learning that this entails.
