	<ul style="list-style-type: none"> • Computer Hardware and Associated Software (e.g. data entry, inventory tracking, electronic mail, word processing, spreadsheet) • Communication Devices (e.g. voice pick systems) • Scanning Equipment (e.g. bar code scanning equipment) • Packaging Tools (e.g. staplers, tape guns, strapping machines, hammers) • Measurement Tools (e.g. scale, measuring tape) • Material Handling Equipment (e.g. dollies, forklifts, hand trucks, jacks, pallet trucks, wrapping machinery)
Required Competencies:	(Knowledge, Skills, Personal Attributes)
Knowledge	An Order Picker/Selector should have knowledge of health and safety procedures, standards and regulations, customer service, basic mathematics, English language, and other languages as required.
Skills	An Order Picker/Selector should have the following skill sets: reading comprehension, active listening, mathematics, quality control analysis, coordination and time management.
Personal Attributes	(Abilities, Work Values, Work Styles)
Abilities	The following abilities are important to the role of Order Picker/Selector: written comprehension, information ordering, oral expression, oral comprehension, strength, coordination, manual dexterity, and arm-hand steadiness.

***Note the OS addresses alternative position titles including order filler, order picker, shelf stocker, stock handler, clerk, fulfillment representative, customer service representative, etc.**

Work Values	Individuals who will succeed in this position will value providing service to others, working with co-workers in a friendly environment, with supportive management, and safe working conditions.
Work Styles	The following work styles are attributable to an Order Picker/Selector: self control, stress tolerance, cooperation, integrity, independence, attention to detail, accuracy, dependability, persistence, social orientation, and adaptability/flexibility.
Essential Skills Profile:	Essential Skills are the skills needed for work, learning and life. They provide the foundation for learning all other skills and enable people to evolve with their jobs and adapt to workplace change. For more detailed essential skills profiles please refer to the HRSDC website: http://www.hrsdc.gc.ca/eng/workplaceskills/LES/index.shtml
Reading Text	<ul style="list-style-type: none"> Frequently read order specifications, procedures, policies, applicable standard and regulations, material data safety sheets, labels, signs, product code lists, shipping forms, invoices, packing slips, bills of lading, computerized inventories, special orders, supervisor instructions
Document Use	<ul style="list-style-type: none"> Utilize, complete and/or read product labels, shelving labels, warning and direction signs, inventory sheets, invoices, order forms, shipping forms, packing slips, bills of lading, work schedules, etcetera Enter information on tables, schedules or other table-like text
Writing Skills	<ul style="list-style-type: none"> Write notes to supervisors and co-workers Write detailed records of out-going orders Complete activity logs to record tasks completed during the shift Complete forms to record reasons for not completing an order, noting conditions which need to be met for order completion
Numeracy	<ul style="list-style-type: none"> Apply money math Apply scheduling, budgeting and accounting math Apply measurement and calculation math Utilize numerical estimation
Oral Communication	<ul style="list-style-type: none"> Interact with supervisors to get direction and to problem solve Interact with co-workers to co-ordinate tasks Speak with customers to obtain more detailed order specifications Participate in monthly staff meetings
Thinking Skills	(Problem Solving, Decision Making, Job Task Planning and Organizing, Significant Use of Memory, Finding Information)
Problem Solving	<ul style="list-style-type: none"> May be unable to find products required for an order - check bar codes, shelf labels and inventory lists when locating products May find creative solutions to spatial challenges when picking and moving materials

***Note the OS addresses alternative position titles including order filler, order picker, shelf stocker, stock handler, clerk, fulfillment representative, customer service representative, etc.**

	<ul style="list-style-type: none"> • May find creative solutions to address order backlogs
Decision Making	<ul style="list-style-type: none"> • Decide how much time is needed to complete an order • Participate in decision making on units required to fill an order • Participate in decision making on the priority and placement in which orders will be filled • Participate in decision making on whether to delay an order based on stock availability or send out an incomplete order
Job Task Planning and Organizing	Order Picker>Selectors receive assignments from supervisors at the beginning of each shift and plan how best to sequence tasks to meet deadlines. Order Picker>Selectors in some companies utilize voice pick technology and the sequence of orders is predetermined for them by the system. Adjustments may be made if urgent orders arrive. Workflow is determined overall by the volume of orders to be filled.
Significant Use of Memory	<ul style="list-style-type: none"> • Remember where products can be found on warehouse shelves and bins and rough estimates of available stock • Remember stock numbers for commonly stocked items • Remember for a short period of time what items were sent out, in order to respond to queries from supervisors
Finding Information	<ul style="list-style-type: none"> • Refer to order slips for product specifications • Use inventory tracking software to determine where requested products are stored and if a sufficient quantity is available • Use catalogues, product lists and computer databases to located information on products, such as stock numbers • Consult co-workers and supervisors to find out when new shipments of product and new products will be available for orders
Working with Others	Order Picker>Selectors mainly work independently. They co-ordinate some activities with co-workers, supervisors or managers. Partnering is important in picking materials when materials are heavy, when trying to select an order quickly, or when other order picking/selecting health and safety considerations demand it.
Continuous Learning	Workers in Order Picker/Selector occupations learn on-the-job from co-workers. They may also participate in training programs to learn about procedures and products. Annual health and safety training may be required and is strongly recommended for the reduction in the numbers of workplace injuries.
Additional Information	(Physical Aspects, Attitudes)
Physical Aspects	Order Picker>Selectors may need to adapt to multi-temperature work environments. Order Picker>Selectors stand and walk to carry out their tasks. They may also bend, stoop, kneel and crouch to lift, move and stack products required for an order.

*Note the OS addresses alternative position titles including order filler, order picker, shelf stocker, stock handler, clerk, fulfillment representative, customer service representative, etc.

Attitudes	Order Picker>Selectors should be well organized, have a positive attitude, and be oriented to customer service. They should be patient and able to do repetitive work without getting bored. In addition, they need to be able to work under pressure in order to meet strict deadlines. It is very important for them to be detail oriented and highly accurate in performing job tasks.
Future Trends Affecting Essential Skills:	Increasing computerization may mean that more Order Picker>Selectors will require computer skills in order to work with voice pick technologies, computerized forms and invoices, and to use bar-coding.

Government of Canada Defined - Related NOC Code & Description	7452 – Material Handlers This unit group includes workers who handle, move, load and unload materials by hand or using a variety of material handling equipment. They are employed by transportation, storage and moving companies, and by a variety of manufacturing and processing companies and retail and wholesale warehouses.
	6622 - Grocery Clerks and Store Shelf Stockers Grocery clerks and store shelf stockers pack customers' purchases, price items, stock shelves with merchandise and fill mail and telephone orders. They are employed in retail establishments, such as grocery, hardware and department stores, and in warehouses.
